

LEARNING OBJECTIVES

9-16-21

PERFORMANCE GAP/ ACTIVITY NEED: The COVID-19 pandemic is an ever-changing landscape of medical and public health information. Healthcare practitioners are on the frontlines of this pandemic and are the source of information for their patients. Keeping up with the changes is imperative to continuing to navigate the changes. [Birnbaumer, personal communication, updated 9/15/21).

DESIRED OUTCOMES: At the end of the activity, attendees will be able to:

- discuss the public health recommendations for patients with high-risk exposures to SARS-CoV-2, both the vaccinated and the unvaccinated.
- discuss the healthcare risks of being exposed to SARS-CoV-2, both the vaccinated and the unvaccinated.
- elucidate the debate about boosters and their potential benefits and what is yet unknown about boosters.

LEARNERS: all clinicians

DESIRABLE PHYSICIAN ATTRIBUTE: provide patient-centered care, apply evidence-based practice
